

FRONT END DEVELOPMENT I am a dedicated Front-End Developer with a strong focus on crafting visually appealing and user-friendly websites using HTML and CSS. My passion lies in bringing creative designs to life and ensuring seamless user experiences. I transform static concepts into dynamic, responsive web pages environments and enjoy working with others to achieve common goals. I am passionate about using my HTML and CSS skills to create visually stunning and user-centric websites.

- HTML
- CSS
- JavaScript
- MySQL
- Testing and Designing
- C++
- OOP
- MS Word & Excel

As a detail-oriented Computer Science student, I have gained hands-on experience in front-end web development using HTML and CSS to create visually appealing and user-friendly interfaces. Additionally, I have a strong foundation in object-oriented programming (OOP) concepts and have applied them in various projects using C++. MySQL has been my go-to database management system for storing and retrieving data efficiently. With a solid grasp of programming principles, I am confident in my ability to design, develop, and deploy scalable software solutions. Throughout my academic journey, I have honed my problem-solving skills and attention to detail. I am excited to apply my skills and knowledge in a real-world setting and continue to learn and grow as a developer.

Degree / Course	University / Board	Percentage / CGPA	Year of passing
BSCS	Cust University	2.89	03/2021- present
Computer science	Punjabi group of college	843	2022
Computer science	The Spangle House of Arts and Sciences	889	2020

Address	House-no 10, Street-no 186, naka bad, Iqbal Town Rawalpindi, Punjab
---------	--

Date of Birth	07/04/2004
Nationality	Pakistani
Gender	Male
